

Facemount Services

Add incredible depth and vibrancy to your photographs or images with our professional Facemounting service.

The face of your image is mounted to a custom-cut, clear acrylic sheet, and backed with an aluminum composite panel.

Facemounts are then mounted to your choice of a $\frac{5}{8}$ " or $1\frac{1}{4}$ " aluminum sub-frame so your image floats from the wall.

No framing is required for this clean, modern presentation.
